THIS IS YOUR CHANCE TO BUY BIRDS THAT ARE WINNING NOW!! WITH EVERY PURCHASE OF THESE STOCK BIRDS, THE PURCHASER CAN SELECT A BIRD FROM THE RACE LOFT FOR FREE.

## BUY ONE, GET ONE FREE!

I apologise for any errors or mistakes or for any incomplete pedigrees. I have done my best to follow Wally's records which are very well documented but not perfect. It is a difficult task to not have the person's help but I have tried!

What you buy is what you get.

My wish is that Wally's legacy continues through these birds. To hear, at some future time, that some winning bird is bred off the Wally Wojak hen or cock would make everything worthwhile.

Thank you to everyone who has helped with the care of the birds.

Cheques are to be made out to:

ESTATE OF THE LATE WALDEMAR WOJAK

Neil Machar.

A Celebration of Wally Wojak and his Pigeons. Neil Machar

Wally and I met early in the 1970's when he was living in Ferntree Gully. At that time we called him "West Wind Wally", due to his results on days of westerly winds. Later, when he moved to Clayton, we called him "Any Wind Wally." The reason was that Wally would win no matter which way the wind blew. He was a legend at getting birds into top form at the right time. He and I became good friends which helped us both. We lived near to each other, so he fed and cared for my birds when I was interstate or overseas. When he returned to Germany to visit his family I did the same for him. Many were the times that I was away and he did more than I asked. Once, it was new drinkers, another a replaced landing board etc. I helped Wally with moving feed, purchasing from growers, removal of many bags of droppings, inoculations and vaccinations. Doing a stocktake was a major task because he kept a large team of birds. Included in this number was a range of differently colored birds including whites, ashes, grizzles, mosaics, opals, etc. He raced the whites.

Around this time I purchased imported Houbens and Casaerts. After returning from a holiday, I noticed that eight of my stock cocks were missing. When I told Wally he said there were nine. He had them at his loft to get a pair of eggs off each! We laughed and this cemented an ongoing close friendship. Wally often borrowed a bird here and there. Eventually we agreed to fly one of his teams as the partnership of Wojak and Machar. I bred a large number of the birds rung 2008. The first race was a watershed. We sent 100 birds, fifty of Wally's and fifty bred by

my birds. The birds came home, 29 in the first drop. The first 22 through the trap were bred by my birds. The dye had been set. From that moment on, Wally knew what to do. He updated his stock loft. He kept some of his old family of Kirkpatrick's, some from Con Moukas, Noel Podesta's Streets, some of his own original Janssens, Tony Srom, Michael Gee, Nick Lakiotis and others. Also, he had recently acquired some birds from Willy Thiele S.A., Brian Donovan and Warren Marsh. Interestingly, some of those birds bred in 2010 have won fed places in 2011, 2012, 2013, 2014 and 2015! I don't remember anyone else winning consistently with such mature birds. Of course, many ended up in the stock loft.

A summary of his federation places show: 2010 14 federation places ; 2011 5 federation places due to stopping racing because of PMV outbreak; 2012 7 federation places (fifty race birds were killed in the loft by a fox); 2013 28 federation positions; 2014 25 federation positions and 2015 10 federation positions. You need to know that these fed places are real. So many other birds arrived in Fed time , plenty even with the clocked birds. If the list were complete it would stagger most members. In the catalogue I am not even mentioning those that came with the fed bird. One of Wally's highlights was the 2014 races from Cobar. With the two teams he won TEN FEDERATION POSITIONS AND NATIONAL POSITIONS!! He was elated that these were at 440 miles when years ago he didn't fly distance very well.

Three fed positions from a possible four from Carrieton, 500 miles, a couple of weeks later was the icing on the cake.

Wally won many Federation Races and featured highly in VHA Aggregates. It is difficult to win aggregates when you fly two teams that are basically of the same standard. Of course, he was Club Champion of the Oakleigh Homing Pigeon Club and the original " Legend of the Notting Hill Centre."

There are TWO fed winners and TWELVE double fed place winners in this sale. A total of FORTY fed birds are in this sale. It is simply your chance to gain an advantage from his work. This is Wally's legacy to the sport. It is a lifetime's work and a reflection of his skill and love for pigeons. Commissions can be placed with Stephen Kearsey [0434 020 441](tel:0434020441), or John Shore [0412 385 717](tel:0412385717).
